Dahlias for 1952

MILLER DAHLIA FARMS

R. C. MILLER, Prop.

13041 24th Avenue South

Seattle 88, Wash.

You will receive the illustrated 1952 Dahlia catalog in February, listing and describing in more detail all varieties then available. Stock of some varieties herein listed is short and will not be available then.

Stock ordered from this list will be set aside subject to prior sale, and shipment will be made any time desired after Feb. 1, 1950 with the following exceptions:

No shipments will be made East of the Pacific Coast States before April 1st, except at customer's risk of damage by freezing.

Orders for Texas and the Gulf States will be made only via Express before April, the Express charges being added to the cost to the customer, on orders of less than \$10.00.

All stock is guaranteed to be healthy, and to have at least one live eye. Roots shipped before May 1st will be dormant, and it is not advised to force them by packing in damp sand or peat moss, as this may cause rotting. Any roots found not satisfactory for any reason must be returned within three weeks of their receipt and a replacement or refund will be made immediately.

Parcel post and Express charges (on orders of over \$10.00 for the latter) are paid by the Miller Dahlia Farms.

On account of the extra bookkeeping and cost, we do not solicit C.O.D. orders, but will accept such orders for amounts of over \$10.00 only when at least 25% of the amount is sent with the order. All other orders require payment with the order.

Discounts either in roots of our selection or in cash to be deducted from the gross amount of the order are allowed as follows:

Orders of over \$10.00	10%
Orders of over \$20.00	15%
Orders of over \$30.00	20%

No other discounts or wholesale prices are available.

We do not offer clumps or plants, just fully matured root divisions from field grown plants, grown for nothing but the best possible stock. No cut flowers have been sold from the plants, hence all possible vigor and growing qualities are in the stock you get. These are some of the reasons we claim the Miller Dahlia stock to be

“The Highest Quality Dahlia Roots Obtainable”

Key letters "AA" preceding the name of the variety shows this will produce blooms 10" or more. "A" preceding the name shows blooms from 8" to 10". "B" means blooms under 8". Special culture will increase the size of blooms but these are normal sizes.

MILLER *Dahlia* FARMS

"The Highest Quality Dahlia Roots Obtainable"

318 SOUTH 128th STREET
SEATTLE 88, WASH.

Dear Former-Customer of Miller Dahlia Farms:

This is to inform you that the Miller Dahlia Farms has changed hands. Mr. Miller, the owner, who operated this dahlia bulb business over twenty years, passed away recently, leaving his business to my sister and me the undersigned. We know he wanted us to fill his orders and continue with his beloved dahlia farm. If you are one of his many personal friends, we are sorry to have to tell you of his death.

If you wish any further information as to his death or passing, we will be happy to answer your letters.

Thank you, in his behalf, for past business, and we hope you feel satisfied with the present arrangement, to which we will give our best attention.

Please send mail to Miller Dahlia Farms, 318 South 128th, Seattle, 88, Washington.

Sincerely,

Mrs. L. G. Murray

Mrs. S. W. Dubbins
